*** **Afro Cuban dance-** derives from the dances created by enslaved Africans brought to Cuba from West Africa and mixed with traditional folk dances of Cuba.
Habanera- Created in Havana, a traditional Cuban social dance that was later used as a basis for what we now know as the tango.
Fusion- Created by noted choreographer Liszt Alfonso, this is a blend of classical ballet with Cuban and Spanish dance, such as flamenco and mambo.
Cuban folk dance- explores the various dance styles created by the Cuban people. A wonderful way to learn the history of the people.
Salsa (Cuban style) - also known as Casino. This style of Salsa incorporates elements of Afro Cuban dance along with extracts of rumba and cha cha.
